

RENEW > Supporting Evidence

Emphasis has been placed on research that is **both recent and peer reviewed.**

We are constantly **improving and developing** our understanding of the research available.

All research is independent of My Kiwi Green and has **no conflict of interest or bias** towards our products.

All research below supports claims made in both the description and ingredient list and only allows for results that are **statistically significant.**

AFA (Aphanizomenon Flos-Aquae Extract)

- Baroni L, Scoglio S, Benedetti S, Bonetto C, Pagliarani S, Benedetti Y, Rocchi M, Canestrari F : Effect of a Klamath algae product ("AFA-B12") on blood levels of vitamin B12 and homocysteine in vegan subjects: a pilot study. *Int J Vitam Nutr Res.* 2009 Mar;79(2):117-23. doi: 10.1024/0300-9831.79.2.117.
